

## **ENVIRONMENTAL SPECIALIST -PROJECT MANAGER**

Christopher B. Burke Engineering, LTD (CBBEL) is a leading consultant in Environmental Resources headquartered in Rosemont, Illinois. CBBEL has an immediate opening for a driven Environmental Resource Specialist - Project Manager. The selected candidate must possess a minimum of 3 years of experience demonstrating project management skills in wetland delineation/permitting, and NPDES compliance, including soil erosion and sediment control inspection. The preferred candidate would be a Lake County, IL Certified Wetland Specialist, a CPESC or other similar certification. Responsibilities will include coordinating environmental resource activities with multi- engineering disciplines or design consultants. At a minimum, applicants would have at the following responsibilities

1. Be able to prepare wetland delineation reports, functional assessments, mitigation plans, business correspondence, environmental studies, and other environmental compliance/permitting documents.
2. Assist with the preparation of Biological Evaluations/Assessments.
3. Review reports, maps, drawings, blueprints, and aerial photographs to plan and to assist in the design of projects.
4. Be knowledgeable about and complete Section 401/404 Clean Water Act permitting. And be familiar with the NEPA process and requirements.
5. Complete wetland and wildlife habitat assessments, and have strong botanical skills.
6. Complete weekly and post storm event NPDES compliance events.
7. Prepare SWPPPs in accordance with applicable state and local regulations.
8. Perform observation during the construction and installation of wetland and stream mitigation projects and soil erosion and sediment control.
9. Represent clients during permit review process.

CBBEL is a full-service civil engineering consulting firm specializing in civil, municipal, transportation, water resource, mechanical, structural, construction, traffic, and environmental engineering and environmental resource services.
